Clarification to the Queries of the Firm

S.No.	Query raised by the firm	Clarifications
1	As mentioned in the tender documents, installation of transmitter is in the scope of Doordarshan and supply, testing and commissioning of transmitter system is in the scope of bidder. For input, compression and monitoring equipments complete work of supply, installation, testing and commissioning (SITC) is in the responsibility of the bidder. Based on these, please clarify whether the payment terms for both the above tenders will be on 95%/ 5% basis (for supply contracts) or 80%/ 20% (based on SITC contracts).	The payment terms for the tender will be as per Clause 23.1.2 (ii) Page 17 and Clause 23.2 (ii) Page 18 of the tender document as applicable for SITC/ SETC contracts.
2	Whether bidder can quote alternative product against any of the tender BOM items as an option, or bidder has to offer entire BOM as an option separately?	The bidder has to quote complete BOM with all items for each option.
